If the household includes members who are not categorically eligible, only those members will be required to provide proof of income. The household's application will not be considered complete until the required income verification is provided for non-categorically eligible members.

DELIVERABLE FUEL HEATED HOUSEHOLDS

To be eligible for energy assistance, bills must be in the name of the applicant (a household member age eighteen (18) years or older and if under eighteen (18) an emancipated minor). The CAA may authorize deliveries on your behalf. All deliveries authorized by the CAA will be paid up to your benefit amount. Deliveries must be made to the service address that is listed on the energy assistance application.

If you are determined to be eligible and are in need of a fuel delivery, you must contact your local CAA to request an authorization for delivery.

Automatic delivery or obtaining fuel on your own behalf is permitted, if it is within the above-stated program dates, and the delivery is provided by an approved vendor. However, **payment can only be guaranteed if the delivery is authorized by the local CAA.**

Automatic delivery customers must notify their fuel vendor of their eligibility to ensure payment for delivery is made on their behalf.

Deliverable fuel households who wish to receive reimbursement for heating bills paid during the program year must provide deliverable fuel bills that document all the information above and must be for one (1) delivery made within the identified program dates. Reimbursement for client-paid bills will only be made from a household's basic benefit and will be paid to the household's fuel vendor. Bills must list the delivery date, retail price per gallon and the number of gallons delivered.

You have the right to select a fuel vendor from the approved vendor list. You may change vendors during the energy assistance season at your discretion, so long as the chosen vendor is on the approved vendor list. The list is maintained by DSS and kept by the CAA.

Vendors cannot charge you the difference between their retail price and the price determined in accordance with their supplier/vendor conditions of participation form.

BASIC BENEFITS

If you are determined eligible, your household will be approved for a basic benefit. Your notification of eligibility will identify the amount of the basic benefit. If your household has a member who is elderly (age sixty (60) or over), disabled or under six (6) years of age, your household will be considered as **vulnerable** and will be eligible for a higher basic benefit.

Any heating costs incurred outside the identified periods exceed your benefit award, or after funds are exhausted, are your household's responsibility.

CRISIS ASSISTANCE (DELIVERABLE FUEL HEATED HOUSEHOLDS ONLY)

Should you exhaust your basic benefit, you may be eligible to receive crisis assistance benefits of up to **\$430**. During the program year, all eligible households may receive up to three (3) Crisis Assistance benefits. **If you are determined eligible and are in need of a fuel delivery, contact your local CAA to request an authorization for delivery.**

UTILITY HEATED HOUSEHOLDS

You must provide a current utility bill (gas or electric), or a copy of a bill for your primary heating source. The bill must be in the name of the applicant (a household member age eighteen (18) years or older and if under eighteen (18) an emancipated minor). The bill must be for the service address that is listed on the energy assistance application.

Payment will be sent directly to your utility company. Should the basic benefit exceed your utility charges for service incurred from November 1, 2026 – May 31, 2027, the excess benefit shall be refunded to DSS.

HOUSEHOLDS WITH HEAT INCLUDED IN THE RENT (RENTAL ASSISTANCE)

This benefit is provided to those qualified households where heat is included in their rent payment and owner-occupied dwelling units that do not have their primary source of heat individually metered or separately billed to their household. If you are determined eligible, your household will be approved for a rental assistance benefit. Your notice of eligibility will identify the amount of your rental assistance benefit. The rental assistance benefit will be sent to your household in the form of a check you must cash or deposit the check before the void by date printed on the check. The check will be voided and will not be re-issued if not cashed or deposited before the check expires.

OTHER

Please note that non-qualified aliens are not eligible for federally funded CEAP benefits. Applications for households that include both non-qualified aliens and citizens/qualified aliens may be processed. However, any non-qualified aliens will not be included in the count of the household size, although their income will be counted.

If you are determined eligible, you may request a clean, tune and test (CTT) for your heating system. You may also receive assistance if you are a homeowner and your heating system, and/ or oil tank is inoperable or unsafe. Please contact your local CAA for more information.

Persons who misrepresent their circumstances when applying for energy assistance are subject to prosecution and/or repayment of any benefits provided, following the completion of an investigation and final determination by the Department’s investigations division, and are prohibited from participation for the remainder of the current program year and for the two (2) program years following the year in which the misrepresentation occurred.

Households whose primary heat is a deliverable fuel, or natural gas must provide a copy of the current electric bill unless it is verified that the bill is in the landlord’s name.

Information regarding your application may be used for the purpose of providing weatherization services. Information that you provide during the eligibility process may also be provided to other programs operated by the CAA, DSS, or the Connecticut Department of Energy and Environmental Protection (DEEP). To comply with federal or state reporting requirements, DSS and DEEP may use your eligibility information you provided. DSS, DEEP and the CAA will also use your information to connect you to additional services. In addition, information may be provided to the U.S. Department of Health and Human Services, the U.S. Department of Energy, or any of their duly authorized representatives for the purpose of review, audit, or evaluation. Your deliverable fuel vendor, and your electric company may be required to provide energy consumption information to assist in determining the energy burden of your household.

Your household may also qualify under Connecticut law for the Winter Protection Program. If so, your electric service may not be disconnected between November 1, 2026, through May 1, 2027. Contact your utility company for more information. Should you have additional questions regarding assistance, please contact your local CAA.
